

IT'S ALL WITHIN YOUR REACH.

Locate old friends anywhere, find businesses fast

Ever want to call Betsy or Jimmy, who you haven't seen since third grade?

Are you missing information or can't quite spell the name of a business or acquaintance that you want to call or write?

Want to find an inexpensive way to advertise your company on the Internet?

Meet [AnyWho](#), an advanced directory service developed by AT&T Labs that integrates information from the white and yellow pages with email and web site addresses, fax and toll-free numbers.

Not only will you find Betsy and Jimmy, you'll be able to send them email or faxes. And AnyWho won't make you retype your search in a separate directory like other online lookup services.

Searching safari

AnyWho combs through more than 90 million U.S. consumer and more 10 million business listings. But that doesn't mean that you'll be playing Solitaire while awaiting your results. The pages aren't loaded with graphics so you'll see some of the Web's fastest response times.

Privacy concerns?

AnyWho works with you to protect your privacy by providing you with complete control of your listing's

To search for a [business](#), [person](#) or [toll-free number](#), enter any combination of name, street name, city, state, and ZIP code information.

- You can even search with a partial name or address.
- Hard to spell last names are no problem: just select Sounds Like matching for the last-name field from the pull-down menu.

Example form only

Last Name: Sounds Like

- With [reverse lookup](#), you can enter a phone number and discover whose name matches the number on that cocktail napkin.
- Look for [businesses by category](#), as well as partial name or partial address.

We found Betsy and Jimmy by searching on the street where they lived (Okay, so they never moved out...). Since both of them [updated](#) their personal listings, we also found email, home page, and fax information.

Get results with a business listing

Since AnyWho provides a single listing that combines your location addresses, phone, web site, email, fax and toll-free number information, consumers have an easier time doing business with you. Many businesses are getting results from their listings, as you'll see from these [testimonials](#).

Online maps make it easy for customers to find you, by putting driving directions just a few mouse clicks away.

Anywho can provide your business with a [Featured Listing](#), which is prominently displayed on the Business Search page. Interested? [Find out more](#) about getting your listing.

Making the list

Check your [business](#) or [residential listing](#) now! Add your e-mail, home page, fax, and toll-free number information by clicking the Update button once the listing appears.

Not listed with AnyWho? It's easy to [add your business](#) or [residential listing](#).
